

Summer 2 Year 6

History

Arabian Nights: Early Islamic Civilisation

This term, Year 6 will be starting a new history topic: Arabian Nights. We will be answering the question: Did Early Islamic civilisations invent it all first?

Our aims include learning about the location and organisation of Baghdad, the cultural achievements during Baghdad's Golden Age, the significance of the House of Wisdom and the fall of Baghdad.

Maths

This term we will be completing a number of maths projects. These projects involve recalling a range of different maths skills and applying them to a real life situation. Our first project is about a bakery, where the children will need to decide the quantity of ingredients they will need to make a set number of cupcakes, how to make the biggest profit and design and make packaging for their cupcakes!

It is important that children know their times tables up to 12x12, along with corresponding division facts. Websites to support this at home are:
<https://www.topmarks.co.uk/maths-games/hit-the-button>
<https://play.trockstars.com/>

PE

In Year 6 this term, we will be teaching the children Athletics and Gymnastics. Every child is expected to come into school in their P.E kit on their P.E day. For 6B, this is a Tuesday and a Thursday and for 6A, this is a Tuesday and Friday. All children must come in to school wearing their Hunslet Moor PE kit.

RESIDENTIAL

Please return your child's E1 FORM and pay any remaining monies ASAP.

If you have any questions, concerns or want to discuss any aspect of your child's learning, please phone the school office and arrange a telephone conversation to speak with a member of the Year 6 team.

6A: Mrs Wragg

6B: Miss Dutton and Ms Burdett (Head of Year 5 and 6)

Mrs Preece, Miss Fielding and Miss Sturdy, work across both Year 6 classes.

Reading

Reading is a priority at Hunslet Moor and we encourage children to read as regularly as possible as this supports them with the wider curriculum.

Please try to listen to your child read as often as possible and encourage your child to read every evening for at least 15 minutes.

If you have any books that belong to school, please support us by bringing them in. Please encourage your child to log on to Class Dojo and record their reading every day. The children not going on residential will be visiting the library on 9.7.24.

Homework

SPAG is tested each Friday with the homework we send out. We also expect the children to read every night and go on TTRockstars regularly. Their log ins are in their red books

PSHE

To teach PHSE, we use a school scheme called Jigsaw.

Our new Puzzle is called 'Changing Me' There is lots of information about it on our website

Science

This half term, our science topic is Healthy Bodies which focuses on the circulatory system. We will be learning about the blood, blood vessels and heart, as well as understanding how to make healthy life choices.

Attendance

We are trying really hard to win the Attendance Teddy each week. So far BOTH Year 6 classes have won it. We'd really like to win again in Summer 2.
